

Sprint plan # 8

Contextproject: Programming life

Group: 2

User Story	Task	Task Assigned To	Est. Effort (1-5)
As a user I want to be able to see the entire graph at once and use semantic zooming, based on 'interestingness'.	<ol style="list-style-type: none"> 1. Create a zoom level that show the whole graph at once. 2. Come up with a way to calculate an interestingness factor for the graph. 3. Collapse nodes based on the interestingness factor and a threshold set by the zoom level. 	<ol style="list-style-type: none"> 1. Vennik 2. Oolbekkink 3. Vennik 	<ol style="list-style-type: none"> 1. 4 2. 2 3. 4
As a user I want to see the known mutations that cause resistance	<ol style="list-style-type: none"> 1. Connect the known mutations to the graph. 2. Display the loaded annotations in the graph. 3. Display the annotations in the locator (minimap bar). 	<ol style="list-style-type: none"> 1. Boot 2. Boot 3. Boot 	<ol style="list-style-type: none"> 1. 2 2. 3 3. 4
As a team we want to be at the right level for our final report.	<ol style="list-style-type: none"> 1. See which parts are missing for the final report. 2. Review the current final report. 3. Create a tasklist per team member for the final report. 	<ol style="list-style-type: none"> 1. Nieuwdorp 2. Nieuwdorp 3. Nieuwdorp 	<ol style="list-style-type: none"> 1. 1 1. 2 1. 2
As a team we want to deliver our deliverables.	<ol style="list-style-type: none"> 1. Deliver Sprintplan9.pdf. 2. Deliver Sprintreflection8.pdf. 	<ol style="list-style-type: none"> 1. Nieuwdorp 2. Nieuwdorp 	<ol style="list-style-type: none"> 1. 1 2. 1
As a programmer I want our documentation to be up to date so I can see the large lines of the project.	<ol style="list-style-type: none"> 1. Update UML diagrams. 2. Update the Architecture Design 	<ol style="list-style-type: none"> 1. Oolbekkink 2. Nieuwdorp 	<ol style="list-style-type: none"> 1. 2 2. 2
As a user I want to be able to save my configuration for the program.	<ol style="list-style-type: none"> 1. Create a .ini where all settings are saved 	<ol style="list-style-type: none"> 1. Hommes 	<ol style="list-style-type: none"> 1. 4

As a user I want to see clear messages if there are errors or not	1. Create a method to select sorts of messages 2. Color the error messages red	1. Gerben 2. Gerben	1. 1 2. 1
As a team we want to have a video demonstrating the features of our product.	1. Write a storyboard/script for the video 2. Record the video with audio commentary	1. Hommes 2. Hommes	2. 3 2. 4
As a user I want a clearer user interface with regards to the displayed information.	1. Headers in views	1. Hommes	1. 2
As I user I want consistency when exiting views.	1. Esc to exit F1 overlay	1. Hommes	1. 1
As I user I want to navigate in sub windows.	1. Make it possible to navigate in sub windows without breadcrumb.	1. Vennik	1. 2
